

## Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

---

August 1, 2022

Dear King Members, Friends, and Family:

As we begin the month of August, the Wisconsin Department of Health Services continues to report higher COVID-19 virus case levels across our state. We are thankful that Waupaca County continues to report low virus transmission compared to other counties. We encourage everyone to please practice safe behaviors in the community to mitigate the spread into our Home.

Since we last updated you on July 29, we had 1 employee test positive for COVID-19. Accounting for all recent recoveries, currently we have 4 cases of COVID-19 on campus (0 members, 4 employees).

We highly encourage everyone to get vaccinated and stay current on their booster shots as this keeps you protected and lowers your risk of being seriously ill from a new infection. The CDC recommends everyone ages 6 months and older stay up to date with their vaccines, which includes everyone 5 years and older getting boosters if eligible, for the best protection against COVID-19.

We ask if you are not feeling well, please do not visit until you have taken a COVID-19 test and have fully recovered from your symptoms. If you are planning to visit our campus, all visitors are asked to wear an N95 or KN95 mask when in our buildings and perform a health check assessment upon arriving.

Thank you for your ongoing understanding and support of our Home.

Sincerely,

Tammy Servatius  
Commandant
